

GREENWOOD CRICKET CLUB HISTORY

The Greenwood Cricket Club was originally affiliated with the Wanneroo Cricket Association and was possibly started up by John Cotterell and Abe Saffron. Before the merger it was affiliated with the NSCCA.

The club was established in 1978 and formed in 1978/79. Its first playing season was 1979/80. The club was incorporated under the Associations Incorporation Act in 1992.

Between 1978 and 2012 they mainly fielded a minimum of three teams and up to six teams. In their final season as GCC they had a membership base of approximately 80 players. The club's colours were green and gold and they were also known as the Bulls.

According to the club's constitution, they had a relationship with the local junior club, the Warwick Greenwood Junior Cricket Club. Even in 1995 the club was talking about fielding a junior side consisting of Warwick Greenwood juniors with a Captain/mentor looking after them to ensure the juniors had a pathway to senior cricket. Today we see this actively happening at the Warwick Greenwood CC and a great part of that club's success.

The Greenwood CC has always been located at Penistone reserve and over the years have shared the facility with the WGJCC, Wanneroo Lacrosse Club and the junior and senior football clubs. In 1995 the club was allocated Warwick Open Space as its secondary home ground. These facilities did not even have toilets or rubbish bins! Warwick Open Space has since been redeveloped into Hockey facilities for the Whitfords Hockey Club. The club had also used Cabrini oval in the City of Wanneroo.

The original club rooms consisted of brick and metal roof construction which incorporated an open plan area of approximately 80 square metres, a small kitchen, toilets, changerooms and storage areas. In 1995 the club received permission from the council to erect an 8 metre colourbond patio on the northern side of the club rooms. At the time of the merger, the club rooms were old and outdated and desperately needing demolition and replacement.

Achievements
